

POLISHED BY BEAUTY ICON

Business Profile

ABOUT US

Polished by Beauty Icon is a salon that has been providing services in hair, nails, and beauty since 2017. Having been opened and run by a single management ever since, Polished has had the opportunity to grow, develop and mature.

We've been able to reach out to a wider range of clientele and establish a higher level of service class. Recently, in 2021 we expanded the salon to create an experience and not merely a service. We are constantly re-evaluating our services, products, the skills and strengths of our staff/technicians so as to provide a remarkable experience.

Polished salon was established to focus on providing essential hair and beauty treatments based on quality, efficiency and elegance in a relaxed environment amidst the bustle of modernity in Blantyre. We are dedicated to the hair and beauty needs of our clients and are committed to using only the best quality products. Our casual and yet professional environment always ensures that our clients visits are inviting as well as relaxed. All this is offered at very affordable prices.
